RUNNING THE STORE · 6 MIN READ

How D Byk sells: the numbers behind the store

To run a store you need to know where the money comes from, where inquiries come from, and where we lose them.

Four lines of revenue

- **Bike sales**: the biggest tickets.
- **Service**: the workshop. It brings customers back every few months.
- **In-store accessories**: helmets, lights, tyres, nutrition, electronics.
- **Online sales**: orders from dbykstore.com.

Every month the team meets to review the previous month for each store across these four lines: what was achieved against the target, what remains for the year, and what to change. Know your own store's numbers before that meeting.

Where inquiries come from

In our CRM, most inquiries start as a phone call. Walk-ins are second and WhatsApp third. Road bikes are the largest category by a wide margin, then hybrids, then mountain bikes. So the phone is our main shop door, and road bike knowledge is the most valuable knowledge in the store.

Where we lose them

More inquiries are closed as lost than as bought. The most common lost reason by far is **Not responding**. Price is recorded rarely. That means most lost sales are not lost on price. They are lost because the conversation went quiet. Fast replies and regular follow-up are the cheapest way to sell more.

What we have that others do not

- We are the authorised Trek dealer for Pune.
- Three stores with workshops: Viman Nagar, Bavdhan and Wakad, open Tuesday to Sunday, 10:30 am to 8:00 pm, closed Monday.
- Every new bike comes with one free tune-up within 30 days and one free Prime service within 6 months.
- A wide range that we can order in from vendors. Always confirm availability before promising a date.

ESP: the service plan

The ESP plan is paid upfront and is valid for one year from purchase. It includes one Prime service, one Pro service, one Pro Annual service and one bike wash. ESP members get 5% off all accessories and spares. It cannot be moved to another bike or another customer. Offer it at delivery of every bike.

Returns, in one breath

No returns on opened boxes. A change-of-mind return must be requested within 7 days of delivery, the customer pays return shipping, and a 5% restocking fee applies. Items bought at a sale discount are final.

Remember these

- Four revenue lines: bikes, service, in-store accessories, online.
- Most inquiries come by phone, and road is the biggest category.
- Most lost inquiries went quiet. Few are lost on price.
- New bike: free tune-up in 30 days, free Prime service in 6 months. ESP adds a year of services and 5% off accessories and spares.
